AGED EDUCATOR IS GRANTED PARDON

Prof. Threlkeld, Who Killed Arthur Denman At Nicholasville, Is Set Free

(By Associated Press)
Frankfort, Ky., Oct. 17.—Prof. T. B. Threlkeld, of Nicholasville, sentenced to life imprisonment in 1921 for the murder of Arthur Denman, Monday was pardoned by Governor Edwin P. Morrow. He was 73 years old at the time of his confinement.

Belief that the aged professor was suffering from a deadly disease and that he "had paid the full penalty which even the sternest justice could demand" prompted the pardon according to the statement issued by Governor Morrow. Petition for the pardon was signed by more than 2,000 persons, the governor said, including ministers, court officials and farmers and at least 500 women.

Professor Threlkeld killed Denman following an altercation in the latter's store in Nicholasville. His son was engaged in a controversy with Denman's brother, according to evidence introduced at the trial, when Professor Threlkeld entered. It was alleged that the brothers advanced on Professor Threlkeld and that he killed Arthur Denman. At the first trial of the case the jury was unable to agree. At the second hearing Professor Threlkeld was sentenced to life imprisonment.

JOSEPH KARR DIES AT RED HOUSE

Joseph Karr died at the home of his sister, Mrs. J. B. Azbill, at Red House, late Saturday evening. He was 37 years old and married. Surviving him are two sisters and one brother, who have the sympathy of many friends in their bereavement. Interment in family lot at Red House Monday afternoon.

Mules Go at \$18 to \$40
About twenty head of mules were sold in Lawrenceburg county court day at prices ranging from \$18 to \$40 per head. Farmers were obviously discouraged by the low and inactive market. Good work mules that would have been worth \$100 in "the good old days," sold from \$30 to \$40. One well balanced team of mules brought only \$78. —Anderson News.

HEARD ABOUT TOWN
Mrs. James Gentry, who is known to have one of the best Rhode Island Red flocks in the county, is rejoicing over the news she has received that the first young pen and first cockerel at the standardization exhibit at the State Fair, won by C. D. Harrison, of Lebanon, were out of eggs she sold him last spring. Mrs. Gentry did not show young birds at the fair, but won first and second honors on old birds.

Six Fingers on a Hand
Beauford Carr, the small seven-year-old son of Mr. and Mrs. Sam Carr, was asked by his teacher at school, to make six by holding up all of his fingers on one hand, and one on the other hand. Instead he held up only one hand. That makes only five replied his teacher, hold up one more finger. "Oh! No, mam," he said, "I have six fingers on one hand." The teacher gathered all the class to look at his hand which had on it four fingers and two thumbs. —Harrodsburg Herald.

How Better Than Pills?
The question has been asked: In what way are Chamberlain's Tablets superior to the ordinary cathartic and liver pills? Our answer is, they are easier and more pleasant to take and their effect is so gentle that one hardly realizes that it is produced by a medicine. Then, they not only move the bowels but improve the appetite and strengthen the digestion.

Here's an Illustration of What Juries Will Do

Lexington, Oct. 17.—Louis Koltas, charged with assault upon 9-year-old Nannie Mae Clem, was acquitted in circuit court last night. The acquittal verdict reversed a verdict of guilty rendered in the same court July 1921. Koltas was sentenced to be hung following the 1921 conviction. The case was taken to the court of appeals where the decision was reversed on the grounds that the constitutional rights of the defendant had been violated when the court stenographer was allowed to read portions of the record in the jury room, the defendant not being present.

McADOO DOESN'T WANT A PRESIDENTIAL SUIT

Denver, Colo., Oct. 17.—In an address here Monday William G. McAdoo, former secretary of the treasury and wartime director of the railway administration, assailed the Harding policy of deflation and the Republican tariff bill and concluded with an appeal for the election of a Democratic congress and for the election of the Democratic tickets in all states.

"The Republicans have passed the most extortionate and indefensible tariff bill ever enacted in our history," Mr. McAdoo said. "The Payne-Aldrich bill, which destroyed Mr. Taft politically and brought the Republican party to defeat in 1912, is outclassed by the Fordney-McCumber bill."

"It is estimated the cost of living to the American people has increased by the Fordney-McCumber bill \$4,000,000,000 per annum, which only \$400,000,000 will go into the American treasury. The remaining \$3,600,000,000 will be collected by monopolies, trusts and greedy combinations."

Discussing the Harding policy of deflation, Mr. McAdoo declared that "no more fatuous policy was ever pursued in American history than this attack by one great political party upon prosperity."

When asked if he is a candidate for the Presidency, Mr. McAdoo said:

"Nothing appeals to me less than a Presidential suit or a Presidential snuff."

MORE QUIZZING IN MYSTERIOUS MURDER

(By Associated Press)
New Brunswick, N. J., Oct. 17.—Mrs. Frances Hall and her eccentric brother, Willie Stevens, were brought to the court house here today for further examination by authorities investigating the murder of Rev. Edward Hall and Mrs. Eleanor Mills, choir singer, in the Hall church. Before their arrival the authorities announced they expected arrest of at least two persons before night.

WM. D. GREGORY DIES IN IDAHO

A host of friends and relatives in Richmond, his former home, will regret to learn of the death of William D. Gregory, which occurred at Boise, Idaho, as stated in a dispatch received here Monday. Mr. Gregory had been in declining health for several years. He came to Kentucky the past summer for a visit and it was thought his condition improved, and his death was very sudden. He was 60 years old and for a number of years made his home at Fort Estill. With his family he moved west several years ago.

Surviving him are his wife and several children, two sisters, Mrs. H. H. Hall and Mrs. Lucy Arnold, of Winchester; one brother, Mr. Parker Gregory, of Hendersonville, North Carolina, all of whom have the sympathy of everyone in their bereavement. The body will be shipped to Danville for interment. The time of arrival was not mentioned in the telegram.

FOUR CONGREGATIONS ENJOY BIG RALLY

Flatwoods, Pond, Speedwell and Union City In Deightful Gathering At Waco

Favored with an unusually beautiful fall day, Sunday, the rally of the Flatwoods, Pond, Speedwell and Union City Christian churches drew together at the Flatwoods church near Waco, one of the largest and happiest throngs of worshippers ever brought together in the county. It was planned to have a great communion service with all four of these congregations in one assembly. Other churches, however, shared in the exercises of the day. Station Camp church in Estill county sent its official board and many of its members, and Irvine was represented with a goodly number. Many communicants from Richmond and Mt. Pleasant were there for the day. There were 37 buggies and 259 automobiles parked on the church lawn and the crowd was estimated at more than fourteen hundred people.

At the morning service Dr. E. C. McDougle, pastor of these churches, delivered a forceful sermon on the "Faith Of Our Fathers." As Sunday was the birthday of "Raccoon" John Smith and that pioneer preacher had once preached in the same pulpit at Flatwoods, where he was heard by some of the old members present Sunday, the speaker dwelt especially upon the great work of such sturdy men of faith as John Smith, Barton W. Stone, Walter Scott, Thomas and Alexander Campbell, John T. Johnson and John I. Rogers, as they plead for the religious world to renounce creeds and sects and take the Bible alone as their guide. The morning sermon was followed by the communion service which was presided over by Prof. C. M. Campbell, of Irvine, assisted by eight deacons selected from the various churches having part in the rally.

At the afternoon hour Prof. Campbell preached an excellent sermon on "The Kingdom That Shall Never Pass Away."

The bountiful dinner was furnished with all the good things that the human palate can enjoy and it was prepared as only our good rural folk can prepare such a feast. The multitude was fed and an abundance was left over. There could not have been gathered together a more happy group of people, orderly, cheerful and reverent.

Before the day closed it was decided at a joint meeting of the official boards of the four churches to put on an every member canvass during November for funds to carry on the work of these congregations and to enlarge their interest in the missionary and benevolent enterprises of the Christian church. The plan marks the beginning of a great forward step in the work of these churches.

The various committees of the Flatwoods church that had charge of the details of the day deserve especial commendation for the efficiency with which they did their work. Nothing was left undone that would make the occasion one of comfort and spiritual challenge to those who attended.

Army Dirigible Burns

(By Associated Press)
San Antonio, Tex., Oct. 17.—The army dirigible C-2, which recently completed a transcontinental flight, was burned early today while being taken from the hangar at Brooks Field, preparatory to a flight over the city. Several of the crew were hurt, one seriously.

The dirigible caught on the frame work of the hangar as it was being taken out, the bag was split, gas ignited and the big dirigible was destroyed. About a dozen men were seated in the car. They leaped out, and while some were severely burned, the injuries of none are believed serious.

ASK BOGGS ABOUT LEXINGTON ROAD

Citizens' Committee Wants To Know About Condition Of New Pike

The Citizens' Committee which has been delegated with full powers to handle the inter-county seat road building in Madison county if the special road tax is voted, is daily proving that it isn't going to be a respectable nomenclature and "go to sleep" after the election.

The committee has just sent a letter to State Highway Commissioner Joe S. Boggs at Frankfort inquiring about conditions on the Lexington pike out of Richmond—an inter-county seat highway—which is in course of construction and about which much has been said in regard to the slowness of the contractors. The letter which the Citizens' Committee sends to Mr. Boggs shows that Madison people have a mighty strong force at work to see that their road problems are looked after from now on. The taxpayers will read with interest what the committee says in the following letter:

Mr. Joseph S. Boggs, State Highway Engineer, Frankfort, Ky., Dear Sir:—

Possibly you know that Judge Goodloe and our Fiscal Comptroller have given certain powers to a committee of citizens in connection with the possible voting of a 20c tax for six years, to be used exclusively in the reconstruction and rebuilding of the inter-county seat highways of Madison county. Of course, if this tax is not voted, our duties are at an end, but we feel under present circumstances, we would not be fulfilling our duty to the taxpayers of Madison county, as we see it, did we fail to call your attention to a condition which now exists on the Richmond-Lexington pike, which is, of course, one of inter-county seat highways. As we understand it the contractors on the concrete road have quit for the winter—partly on account of the near approach of cold and bad weather and partly, as we understand it, through their inability and failure to secure material as needed to prosecute the work.

Conditions have been difficult, and it may be that these contractors have done everything within their power to secure the material, which was necessary to prosecute this work. We believe, however, that we can truthfully say, that there are many of our citizens who, after coming somewhat in contact with these contractors and their methods, are firmly of the opinion that they have not presented this work this summer as rapidly as could have been done, if more strenuous and business-like methods had been used. However, we suppose we will have to look on that part of the proposition as a closed incident.

Now, it has come to our knowledge that the Lexington pike is going to be opened up for through traffic to Lexington, but that at the end of the finished concrete, for a considerable distance, the material has been removed from the pike and as soon as we have any wet and bad weather this portion of the pike will probably become untravelable. Moreover, there are certain culverts and small bridges which have been put in over which there is no metal, and naturally with traffic, as bad weather approaches, these will become mud holes and probably impassable.

We believe that Madison county is entitled to a travelable road between Richmond and Lexington until such time as the contractors on the concrete road again resume their work and we believe it is up to your department to see that such a road is furnished, and we think we are not going too far in demanding, in the name of the taxpayers of Madison county an expression, from your department as to whether or not you know of the condition above described, and if so, what steps you have taken or will take to give Madison county what is her just due in this matter.

Yours truly,
R. E. TURLEY, Chairman
M. C. KELLOGG, Sec. pro tem.

DR. SIMPSON BEGINS DISCIPLES' REVIVAL

Delivers Stirring Message On Opening of Meeting at First Christian Church

Dr. Robert N. Simpson's appearance Monday night as the speaker in the revival meeting at the First Presbyterian Church completes the personnel of the leadership for this meeting. He arrived from Atlanta in time to speak to a large audience and brought a stirring message in sounding the key-note of the meeting.

He spoke on "The Master Passion of the Follower of Christ." In an eloquent and challenging way, he pointed out the victories of the early church which find their explanation, he declared, not only in the inspiration of the early leadership of the church but in the human element of persistent enthusiasm for the promotion of the cause of Christ. The filling of this passion in the heart of the church of today constitutes its most immediate and urgent need, he said.

The message was enthusiastically received by a large audience and there was every indication of two weeks of unusual success in the enlistment of men in the church and in the reviving of enthusiasm for religion in the community.

Miss White led the large chorus in the preliminary song service and with Miss Carrie Altman in a duet rendered the special music. Mrs. Pickles and the music committee in connection with Miss White are providing a musical feature in the meeting in a most satisfactory way. There were three added to the church last night.

The reception which followed the service in which Dr. Simpson and Miss White were the guests of honor was a most gratifying success. Almost all of those who were in the evening service were guests at the reception where they had the opportunity to meet the visitors. The educational auditorium and the parlors of the church were beautifully decorated. The reception was promoted under the direction of a committee of which Mrs. R. C. Stockton was chairman.

Tonight Dr. Simpson will speak on "The Question that Crucified Christ."

RUGBY DISTILLERY AN EASY MARK

(By Associated Press)
Louisville, Ky., Oct. 17.—Five bandits, each armed with a shotgun, dashed into the Rugby distillery here early today, attacked the watchman and two guards, bound and gagged them and made off with three truck loads of whisky in cases, roughly estimated as worth \$50,000. The bandits took the precaution to cut the telephone wires. They also bound two negro employees of a business concern next door to the distillery, because they feared they might raise an outcry. Robert Tandy, distillery watchman, after half an hour, freed himself of the bonds, ran to a fire station three blocks away and gave the alarm. Police today found no trace of the trucks or liquor. The distillery was robbed last June of 400 cases of whisky.

CAPTURED AFTER ATTEMPTED ASSAULT

(By Associated Press)
Greenville, Ky., Oct. 17.—Raymond Deering, negro, 30, was captured by a posse yesterday after attempting to assault Elsie Deering, 12 year old white girl, daughter of John Deering, a miner of Cleaton. He will be arraigned Wednesday. The negro was guarded throughout the night at the Muhlenburg county jail. The girl was seized midway between Cleaton and Revier, 8 miles from here. Her brother called for help and a posse soon was organized. The girl was choked but not otherwise harmed.

FRISCO GETS NEXT YEAR'S LEGION MEET

(By Associated Press)
New Orleans, Oct. 17.—The American Legion, by acclamation today, awarded next year's convention to San Francisco.

The Legion at a long session today heard its aspirations and achievements praised by a dozen speakers, including distinguished visitors from European nations, here as guests of the Legion, Samuel Gompers, president of the Federation of Labor, reiterated the attitude of the federation "in peace or in war" which he declared has not changed since when America was about to enter the world war. John Hart of Payne national head of the American Red Cross, declared the organization has done a great deal to carry out the Legion's policy in regard to the disabled. Commissioner John J. Tigert, of the Federal bureau of Education, endorsed the rehabilitation and hospitalization program of the Legion.

Mr. Ross is organizer for Kentucky plans for organization here of a Ku Klux Klan. An advertisement in today's paper offers opportunity to those who may wish to join.

The Ku Klux Klan is said to be the most secret of all secret orders, Mr. Ross being one of the 12 men in the United States whose identity is known.

The Ku Klux Klan as set forth in a booklet which is issued, is set forth as follows:

We, The Order of the Knights of the Ku Klux Klan, reverently acknowledge the majesty and supremacy of the Divine Being, and recognize the goodness and providence of the same.

We recognize our position to the Government of the United States of America, the Supreme achievements of its Constitution, the Union of States thereunder, and the constitutional law thereof, and we shall be ever devoted to the sublime principles of a pure Americanism and radiant in the defense of its ideals and institutions.

We avow the distinction between the races of mankind as same has been decreed by the Creator, and shall ever be true in the faithful maintenance of White Supremacy and will strenuously oppose any compromise thereof in any and all things.

We appreciate the intrinsic value of a real practical fraternal relationship among men of kindred thought, purpose and ideals and the infinite benefits accruable therefrom, and shall faithfully devote ourselves to the practice of an honorable Christianity that life and being of each may be a constant blessing to others.

LOCAL MEN IN NITRO COMPANY

John H. Berry has gotten back home from Russellville, where he built a plant for the Nitro Company, of which D. Willis Kennedy, of this city, is president. The company will manufacture nitroglycerine which is used to shoot oil wells. The plant in Logan county which Mr. Berry built will manufacture the explosive to use in the Warren county fields. The local company starts out with splendid prospects. A number of local men are interested in it, Stone W. Norman being secretary. Mr. Berry says there is much activity in the oil fields in that section and new territory is being drilled in constantly.

FRECKLES AND HIS FRIEND S—Words of Comfort

By Blosser

WHY IT WUZZN'T ON YER HEAD A HALF A SECOND!

BEND

The road tax of 20 cents on the one hundred dollars of taxable property to be voted for the 7th of November is being generally discussed by those living in the rural parts. Some of us are taking a horse sense view of it. A great many do not understand it. The trouble is they think and are made to believe that the money obtained by taxation will be spent in and around Richmond and on certain roads leading into Richmond. The majority of the people do not realize that the state pays half of the amount expended and after the roads are completed the state will keep them in good condition. They put up the argument that the taxes at the present time are too high, and if the road tax is voted they will not get any benefits from it. They do not seem to realize that the proposition now before the taxpayers, that the money will be spent in the different precincts from which it is collected, that it will be pro rata in proportion as collected from the taxable property.

Another thing to be considered is that it takes money and labor to build roads and the wages paid for building them are good. There will be a great demand for teams and men. A great many can in one week's time pay their taxes for the six years—the time which it is to run. Those who do not desire to work will be given a market for their corn, hay, etc. The men and teams will have to be fed. It is so nice when you want to take a load of produce to market when you drive out on a good road. You can take as much with two horses as you can with six. You are not stuck in the mud axle deep. Automobiles are getting as plentiful as buggies. It requires good roads for them.

Since the tobacco pool has become a success the acreage will be greater; better roads are necessary to get it to the market. The more that is produced, the better transportation is required.

The schools of the county are increasing and getting better and doubtless more graded schools will be established in the near future. Churches are being built. The general sentiment of the people is for more and better roads.

Another thing to be remembered—the tax comes off the one who owns the property. All get the benefits just the same. Putting the whole thing in nut shell, we say give us good roads, that is by taxation. Let us vote the tax. Let us have good roads, good schools and good churches. Good roads are the key note and the rest will follow.

Mrs. Baker, So Much Benefited by
Lydia E. Pinkham's Vegetable Compound, Anxious to Help Others

Lebanon, Indiana.—"I was completely run down from women's troubles and for a long time was hardly able to do my work. I had some friends who had taken Lydia E. Pinkham's Vegetable Compound, and they told me about it. I know what it has done for me and I recommend it to others, as I am sure it will be a great help to all sick women. It is a wonderful medicine, and I give you permission to use my testimonial and my photograph."—Mrs. EMMA BAKER, 310 E. East St., Lebanon, Indiana.

These letters recommending Lydia E. Pinkham's Vegetable Compound ought to convince women of the great worth of this medicine in the treatment of ailments to which they are often subject. Mrs. Baker calls it "a wonderful medicine." If you are suffering from troubles women often have, or feel all run down, without any ambition or energy for your regular work, take Lydia E. Pinkham's Vegetable Compound. It is a natural restorative and should help you as it has Mrs. Baker and many, many other women.

**THE GREAT KING
ESTATE IN TEXAS**
(By Associated Press)

Corpus Christi, Texas, Oct. 16.—The death in St. Louis of Richard King, 62, member of the famous Texas ranch family of that name, recalls the achievements of the founder of the King estate. Capt. Richard King, father of the deceased, and of the subsequent accomplishments of the captain's widow and son-in-law, Robert K. Kleberg. Mr. Kleberg is a member of The Associated Press, and publisher of the Corpus Christi Caller.

The Brands of the Kings, "K" on the hip and a running "W" are known the country over where cowmen congregate. Captain King was a leader in establishing pure bred cattle.

In 1915 the King ranch house, a rambling, commodious structure that was known by cowboy and stranger for miles around for its hospitality, burned to the ground. On its ashes Mrs. King constructed one of the finest equipped and modern homes in Texas.

During the Mexican war, Capt. King freighted along the Gulf coast and at its conclusion visioned the great opportunity for stock raising. He obtained a tract of land 50,000 acres in extent between the Nueces and Rio Grande rivers and there stands the now famous King ranch. In those early days there was no market for fresh meat and King slaughtered his cattle for their hide and tallow and fed the oil to swine, which in turn were slaughtered for their larder. The marketable product was freighted to Corpus Christi where it was shipped by boat.

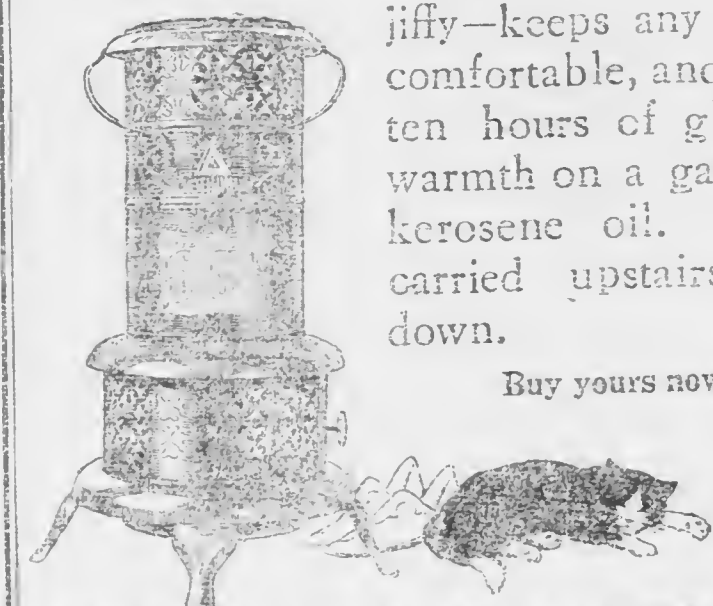

Richard King was born and reared in these surroundings. With the passing of years, Captain King added to his landed estate until at his death in 1885 he was the owner of 500,000 acres of virgin Texas land, so known.

**NOTICE OF
SPECIAL ELECTION**

Pursuant to order of the Fiscal Court of Madison county, notice is hereby given that on Tuesday, November 7, 1922, a special election will be held for the purpose of voting a tax of twenty (20¢) on the hundred dollars, on all taxable property subject by law to local taxation, under Sec. 157a of the Constitution for the improvement or construction of the public roads and bridges in the county, said tax to be imposed for a period of six years. Said election will be held on the same day, at the same voting places, and under the same directions of the same officers as the regular November election.

GREEN CLAY STILL OPPOSES ROAD TAX

Road Building and Progress

Judge Goodloe has called attention to the weakness of Madison county road building "system" when he states in a recent article in the Register—"This 86 1-2 miles (designated as inter-county roads) has been absorbing and will continue to absorb under the present system 80 per cent of our income, leaving only 20 per cent for the other 207 1-2 miles of pike."

Purely through "influence," generally political, we put 80 per cent of our tax money on the roads where the users thereof raise the greatest howl. To say that they are the "main" thoroughfares is misleading and often untrue. The best road will draw the most traffic both horse and gasoline propelled for, always, the best road is the shortest route, except from the farm to the county seat. A very obvious example of switching traffic from one pike to another is the case of the old Lexington-Poonesboro route and the Red-House-Shearer route to the Clark county line.

Because our present "system" is faulty, if not suicidal, we are called upon, not to remedy the fault but to pour more money into the faulty system. Perhaps, if the state will take over the support of part of our burden we may be able to struggle on, is the hope held out to us by the advocates of the 20 cent road tax. Instead of developing our own agricultural possibilities by maintaining passable roads into every nick and corner of fertile land we are called upon to put all our resources in inter-county roads that will be taken over by state after we put enough money into them to reach such a high grade of perfection that we will have nothing left for other roads. We are called upon to furnish the parlor handsomely by trading the kitchen stove for Brussels carpet.

Clearly we can not now keep up all our roads with the present road fund. Instead of increasing that road fund direct, by voting an extra tax for that purpose, we are called upon to impoverish ourselves to get State aid to enable ourselves fix the old road. Why the indirect method instead of the direct one?

Just a while ago a cyclone arose against the building of a bridge across the river at Clay's Ferry and hysterics possessed us at the suggestion of an inter-urban railroad to Lexington based upon the supposition that Lexington would drain the wealth out of Estill, Jackson, Rockcastle and Garrard counties. In the meanwhile the old road that points the way to Madison county's wealth is overgrown with weeds, back taxes and oblivion.

Thomas MacDonald, U. S. Commissioner of public roads, the man at the head of the Department that is offering Madison county Federal road aid, says, "Lack of correct upkeep of roads is the worst menace to good roads. The moment a vehicle encounters a bad road surface the destructive effort of the vehicle increases four to seven times."

In all possibility our road builders recognize the truth of this statement, "but," they tell us, "we can not fill all the chug holes, repair all the washouts and repair bridges and culverts because there is no money."

Our road "system" has been the building of new roads without making provision for upkeep and scattering of what money we have had where the greatest howl arose allowing utter ruin to overtake these new roads so that they must be reconstructed in order to be made passable. This system has always been a pure matter of "influence" and not one of business, justice or for development of county resources. This proposed 20 cent extra tax to be expended under the direction of the most excellent Committee the Fiscal Court has turned its business over to will not rectify or cure the ills of the old system for the reason that it is bound down to a programme that is wrong through-out.

It is quite true that a new road from Kingston to the foot of the Big Hill will develop agricultural wealth in that section and it is also true that a new road to the end of Poosy Ridge will create just as much wealth

Are You A Member?

Of the great farmers' organization that has just sold 54,000,000 pounds of Burley tobacco in one sale and to one concern?

THIS SALE practically cleaned up the 1921 crop and at very satisfactory prices. We are, therefore, in a very strong position for handling the 1922 crop and our success is absolutely assured.

55,000 GROWERS stuck together this past season and saved the day for all of you.

70,000 GROWERS are now banded together in the determination to bring about BETTER LIVING CONDITIONS for their families and they make this

FINAL APPEAL to NON-MEMBERS to sign up before November 6 and lend their strength to this great cause.

WE WANT EVERY TOBACCO GROWER IN THE ASSOCIATION. Our interests are identical. We seek to market tobacco in such a way that YOU will get the profit, instead of dividing it with speculators, pinhookers and loose leaf warehouses.

STANDING ALONE YOU CAN DO NOTHING. UNITED, the banks of the Burley district, your merchants and the United States government, itself, will back you as they have backed us in the past year.

BEWARE OF FALSE PROPAGANDA being circulated by those who seek to continue living off your work, as they have lived in past years. Didn't they tell you that our holdings could not be sold? Their other statements are just as far from the truth.

RESULTS ARE WHAT COUNT, and the accomplishments of this organization during its first year of operation should convince the most skeptical that

CO-OPERATIVE MARKETING IS THE SOLUTION OF THE TOBACCO GROWERS' PROBLEM. Therefore, we

RESPECTFULLY INVITE YOU TO SIGN a contract and become a member, with all the rights and privileges of our present membership. Write this office for a contract at once, or secure one from your neighbors.

DON'T WAIT TO BE SOLICITED, for we may not have an opportunity to visit every grower in the short time from now until November 6.

BETTER TIMES HAVE COME—WON'T YOU HELP CONTINUE THEM
